

Administration of the WA: Providers are required to offer the one-page WA to each new Optum Member or to the parent/guardian of a child or adolescent patient at the **initial appointment**.

A second WA is administered between session three and five Optum reviews the WA and alerts you if a targeted risk is identified.

A follow-up WA will also be sent by Optum directly to the member approximately four months after the initial evaluation. The information contained in the Wellness Assessment (WA) is confidential and will not be shared with the Member's employer, medical Benefit Plan or medical Clinicians without the Member's consent.
